

BALTIMORE LAB SCHOOL

2017-2018 AFTER SCHOOL ROCK CLIMBING

Dear Baltimore Lab School Parents and Guardians,

Our rock climbing program is one of the adventure-based learning experiences offered through Baltimore Lab School's Outdoor Education program.

Adventure-based learning experiences promote self-confidence and self-esteem and improve critical life skills such as teamwork and leadership.

The rock climbing program was designed and customized for Baltimore Lab School students by Ms. March Klein, Ms. Karen Yeoman, Ms. Tara Boucher and Mrs. Patti Child. Students will explore and learn rock climbing skills along with critical skills and self-concepts that contribute to success in academic classes and the real world.

To register your child for rock climbing, please fill out the second page of this form and return it to our Outdoor Education Coordinator, Patti Child. For more information, contact Patti Child, at 410-735-0091 or patricia.child@baltimorelabschool.org.

REGISTRATION & PAYMENT

Dates: Rock climbing is split into four sessions (one for Lower, Middle, Advanced Lower and Middle, and High School students) that run on Tuesdays from 3:30pm-6:30pm. Please see below for exact dates.

Program cost: \$125/student/session for Lower School and Middle School
\$195/student/session for High School (includes an all-day outdoor climb)

BLS will provide transportation to and from the climbing location at Earth Treks in Timonium.
