

MAGNUS HEALTH APP REMINDERS

- 1 Download the Magnus Health App. Search and download the app Magnus Mobile V2 from the Apple App Store or Magnus Mobile from the Google Play Store on your smart device.
- 2 Access the Mobile App from your smartphone. Access the screening via the button titled "COVID-19" and complete the daily screening.
- 3 **Each student must submit the screening every morning no later than 7:30 a.m.** Please reserve 1 to 2 minutes to complete this screening.

- 4 After you complete the survey each morning, you will receive either "GO" to school or a "STOP" and stay home message for that day. If you receive a "STOP" message, please follow the directions in the App message.
- 5 If your student is a car rider, please be sure to have the "GO" message pulled-up on your phone for a BLS employee to verify. This helps to ensure that the drop-off line moves efficiently.
- 6 If your student is a bus rider, please be sure you have the "GO" message before your student boards the bus.

THESE REMINDERS ARE FOR EVERYONE'S SAFETY.

For questions or concerns, please contact Nurse Molly or your child's Division Head.
